Art Unit: 1621

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Charles Muserlian on 9/21/99.

2. The application has been amended as follows:

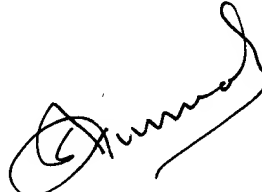

- 1) In claims 30-31, line 2, "ph" is changed to -- pH --
- 2) In the specification, page 7, line 9, "exces" is changed to -- excess --.
- 3) In the specification, page 11, line 4, "Apres" is changed to -- After --.

3. The following is an examiner's statement of reasons for allowance: Instant claims are directed to a stable, liquid formulation, consisting of acetaminophen dispersed in an aqueous medium, containing buffering agent, free radical scavenger and a radical antagonist. The closest prior arts are those cited in the office action of paper # 9. In brief the reference disclose aqueous solution of acetaminophen in water or alkanol, adjusted to pH similar to herein. However, there is no suggestion in the references that combination of free radical scavenger and radical antagonist can be used for the stabilization of the acetaminophen, in the deoxygenated aqueous medium. The references do not teach deoxygenation of the solution using nitrogen or other inert gases. Thus one of ordinary skill in the art would not arrive at the claimed stabilized acetaminophen solution, using the prior art alone or in combination.

Art Unit: 1621

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to S.Kumar whose telephone number is (703) 308-4519.
